

I'm Nikki Lee

experience

The Groundwork remote

UI Engineer April 2016 - present

- Designed new features for The Groundwork's front-end Admin tool, such as report dashboards, CRUD UIs, and onboarding flows.
- Helped build said features by creating and styling React components.
- Helped maintain a living styleguide of React components.
- Designed, developed, and illustrated The Groundwork's marketing site.

Tech Tools: React, SCSS, CSS Modules, Victory charting library, React Bootstrap, npm, Metalsmith, Git/Github

Jukely New York, New York

Senior Product Designer April 2015 - April 2016

- Designed and helped develop the ticket-grabbing experience for Jukely's primary web application.
- Designed and helped develop additional web experiences, such as settings pages and gift card purchasing.

Tech Tools: React, SCSS, Susy2 grid system, Git/Github

Beatport / SFX New York, New York

Lead Designer of Beatport Pro for Web July 2013 - April 2015

- Redesigned Beatport's online music store to be modern and mobile-ready.
- Wrote all markup and styles for the new store, utilizing the Jinja2 templating language and SCSS.
- Designed new features for the music store, such as a multi-cart experience.

Tech Tools: Jinja2, SCSS, Susy2 grid system, Git/Github

Finalsite East Hartford, Connecticut

Responsive Web Designer and Developer September 2012 - July 2013

- Designed and developed responsive sites for clients on top of Finalsite's custom CMS built specifically for schools.

Clique Studios Chicago, Illinois

Interactive Design and Development Intern June 2012 - August 2012

- Created wireframes and high-fidelity designs for multiple client websites.
- Developed designs on top of popular CMSs such as WordPress and Business Catalyst. Created "how-to" documents to educate clients on updating their sites.

Taylor Design Stamford, Connecticut

Design Intern May 2011 - August 2011

- Worked on both print and digital client projects.

about

I'm a designer
